

THAYER SCHOOL OF ENGINEERING AT DARTMOUTH

TENURE TRACK FACULTY POSITION AVAILABLE

DATA ANALYTICS

The Thayer School of Engineering at Dartmouth College invites applications for an Assistant Professor in Engineering. Applicants are expected to have a doctorate in engineering or a closely related field. We are particularly interested in candidates who bring an applied research focus at the interface between physical and digital systems. The candidate is expected to develop an externally-funded research program, outstanding publication record, and to provide excellent teaching at both the undergraduate and graduate levels. The position will support the Master of Engineering Management (MEM) program. The MEM is jointly delivered by the Thayer School of Engineering and the Tuck School of Business and attracts a capable and diverse student body from across the globe.

Dartmouth College is an Ivy League institution that values both teaching and research and emphasizes interactions among the Thayer School of Engineering, Tuck School of Business, Geisel School of Medicine at Dartmouth, and the Arts and Sciences faculty of the College. Thayer School teaches interdisciplinary engineering, offering an ABET-accredited Bachelor of Engineering degree program, as well as a full MS and PhD program, along with the Master of Engineering Management degree.

Review of applications will continue until the position is filled. A cover letter, complete CV, research and teaching statements, and list of three references are required. Interested candidates should apply thru Interfolio at: apply.interfolio.com/46861.

Dartmouth College is an equal opportunity/affirmative action employer with a strong commitment to diversity and inclusion. We prohibit discrimination on the basis of race, color, religion, sex, age, national origin, sexual orientation, gender identity or expression, disability, veteran status, marital status, or any other legally protected status. Applications by members of all underrepresented groups are encouraged.
