

# **Associate Professor in Production Systems Technology**

## **KTH Royal Institute of Technology, School of Industrial Engineering and Management (Sweden)**

For information regarding the position and the application procedure please visit the webpage:  
<https://www.kth.se/en/om/work-at-kth/lediga-jobb/what:job/jobID:82207/where:4/>

Last application date: 27 March 2016 11:59 PM CET

This position is a part of larger development at KTH within the field of Sustainable Production: a new research environment will be established, new educational programs will be started and a new and attractive campus in the Northern City Center of Södertälje is built. Please read more about this development at [www.kth.se/en/sustainableindustry](http://www.kth.se/en/sustainableindustry).
