

# BINGHAMTON UNIVERSITY

STATE UNIVERSITY OF NEW YORK

The School of Management at Binghamton University, State University of New York, invites applications for a full-time, tenure-track, faculty position at the Assistant Professor level in Data Analytics and Operations available for Fall 2019, subject to budget approval.

The successful candidate must hold a Ph.D. in Operations Management or related fields before the start of their appointment in mid-August. We seek candidates with strong commitment to high quality research and teaching in business analytics and operations management with interests in healthcare operations and related areas. Binghamton University has established a health science initiative to integrate cutting-edge basic, applied and translational research in health sciences and health care systems. Applicants with strong methodological training in analytics and mathematical modeling are particularly desirable. We support quality research with a teaching load of two courses per semester.

The School of Management is accredited by AACSB and ranked among the top public undergraduate business programs. The school offers bachelors, masters, and Ph.D. programs. Binghamton is a substantial regional high-tech community with employers such as IBM, Lockheed Martin, Universal Instruments, British Aerospace, and United Health Services. Three hours from New York City and one hour from Syracuse and Ithaca, Binghamton is a low cost of living regional medical/retail hub for 200,000 people.

Interested candidates should post a curriculum vita and other supporting documents including research papers, teaching evaluations, and names of three references to the appropriate position listing at <http://binghamton.interviewexchange.com/>. All application materials are to be posted electronically.

Binghamton University is a tobacco-free campus.

*Binghamton University is strongly committed to affirmative action. We offer access to services and recruit students and employees without regard to race, color, sex, religion, age, disability, marital status, sexual orientation, or national origin.*
