Job Fair of 2018 INFORMS Annual Conference

Assistant/Associated Professor in the Department of Management Sciences, City University of Hong Kong.

The Department of Management Sciences within the College of Business invites applications for multiple tenure-track or tenured faculty positions in analytics and business statistics. A Ph.D., completed or near completion, and strong potential for quality research and teaching is expected. Preference will be given to those candidates with research and teaching interests in applied statistics, business analytics, optimization, machine learning or a closely related field. Successful candidates are expected to develop a vigorous research program and to teach courses in business statistics, operations analytics and related courses, first at the undergraduate level and then the graduate level (including MBA). For senior positions, they are also expected to provide contribution/leadership in research, plan curriculum of studies and supervise postgraduate/PhD students.

City University is an international university in a world city, Hong Kong, and it has been ranked among the Asia's top 25 schools. The Department of Management Sciences has attained international recognition. We have a strong group of researchers specializing in operations management and business analytics. Salary will be commensurate with qualifications and experience. Fringe benefits include annual leave, medical/dental benefits.

Interviews will be arranged for shortlisted applicants at the 2018 INFORMS Annual Conference. For further information or queries about the post, please send to Head of Department [Fax: (852) 3442 0189/email: msapril@cityu.edu.hk]. Please send your application with current C.V. to the Human Resources Office, City University of Hong Kong, 83 Tat Chee Avenue, Kowloon, Hong Kong. [Fax: (852) 3442 0311/email: hrojob@cityu.edu.hk]. Applications received **by November 30 2018** will receive full consideration. The University reserves the right not to fill the positions. Personal data provided by applicants will be used strictly in accordance with the University's personal data policies, a copy of which will be provided upon request.
