

## Tenure-Track Position in Supply Chain/Operations Management

The School of Business & Economics at Michigan Technological University invites applications for a tenured/tenure-track faculty position in Supply Chain/Operations Management at the Assistant or Associate Professor level starting August 2017. Preference will be given to candidates who will be able to support teaching in several of the following potential Supply Chain/Operations Management areas: Operations Management, Supply Chain Management, Logistics, Management of Technology, and Business Development, which has students evaluate the business potential of real-world technology-based projects. The prospective candidate supports a student-centric, learner-oriented, experiential approach to instruction.

Successful candidates will have demonstrated a commitment to publishing quality and innovative research as well as effective teaching. Candidates must have a PhD or be ABD in Supply Chain or Operations Management or a closely related area from an AACSB accredited school. Applications must be submitted online at <http://www.jobs.mtu.edu/postings/> and contain the following: (1) a letter of application describing qualifications for the position, (2) a current CV, (3) three references, (4) a one page summary statement describing career research plans, and (5) a one page summary statement describing career teaching plans. The position will remain open until filled, but to receive full consideration, applications should be submitted by October 31, 2016.

Applications received by August 1, 2016 will receive early consideration. Candidates may be contacted for interviews at the Academy of Management or the Decision Sciences Institute meetings. To learn more about the School, please visit <http://www.mtu.edu/business/> or contact Dr. Dana M. Johnson at [dana@mtu.edu](mailto:dana@mtu.edu) or 906-487-2803.

The School of Business & Economics ([www.sbe.mtu.edu](http://www.sbe.mtu.edu)) is AACSB accredited, offers bachelors and masters degrees in business and economics, and is a growing, research-oriented school that encourages discovery-based learning and linkages between business and technology. The School offers AACSB competitive salaries, attractive benefits, a reduced teaching load and start-up funding for junior faculty.

Michigan Tech ([www.mtu.edu](http://www.mtu.edu)), established in 1885, is a nationally recognized research university and a leader in science and engineering education. Michigan Tech ranks in the top tier of national universities, according to U.S. News & World Report's latest edition of America's Best Colleges. Michigan Tech is located in Michigan's scenic Upper Peninsula, on the south shore of Lake Superior. Houghton and the surrounding Keweenaw Peninsula are well known for natural beauty and abundant outdoor activities in all seasons. Houghton has been ranked in "The 100 Best Small Towns in America." Houghton provides a unique setting where natural beauty, culture, education and the diversity of residents from around the world come together to provide a superb living experience.

Michigan Tech is an ADVANCE institution, one of a limited number of universities in receipt of NSF funds in support of our commitment to increase diversity and the participation and advancement of women in STEM. Michigan Tech acknowledges the importance of supporting dual career partners in attracting and retaining a quality workforce. Michigan Tech is committed to offering career exploration advice and assistance whenever feasible and appropriate at the University and in the local community. For more information, see: <http://www.dual.mu.edu/> Michigan Tech is an EOE which includes protected veterans and individuals with disabilities.

Minorities and women are especially encouraged to apply
