

ESCUELA DE ADMINISTRACIÓN

FACULTAD DE CIENCIAS ECONÓMICAS
Y ADMINISTRATIVAS

The **Pontificia Universidad Católica de Chile (PUC)** School of Management invites applications for full-time, tenure-track faculty positions in **Management Science** at the Assistant Professor level, starting March or August 2020. Candidates should have a Ph.D. (completed or imminent) in Operations, Business Administration, Management Science, Analytics, Statistics, Marketing, Information Systems, or a related field, and demonstrate a strong commitment to research. Candidates with a proven successful research track may also apply at the Associate Professor level.

The PUC School of Management is among the top 100 in the world ([QS rankings - 2019](#)), and it has been consistently ranked first among all Business and Management schools in Latin America. We have 2,000 undergraduates, 400 graduate students, and 35 full-time faculty members. Journals in which our faculty have published in the past five years include *Management Science*, *Journal of Operations Management*, *Production & Operations Management*, *Strategic Management Journal*, *Quantitative Marketing & Economics*, and the *Journal of Economic Theory*, among others. See [our website](#) for an updated list of publications, and <http://escueladeadministracion.uc.cl/escuela/business-economics-and-finance> for our Business Economics/Finance/Management Science research faculty roster and select publications.

The School is strongly committed to fostering a high-quality research environment. Research for junior faculty is supported through start-up grants, reduced teaching and administrative load, and numerous opportunities to apply for internal and external grants. We offer an internationally competitive compensation package. The teaching load for our research-oriented faculty is two-to-three courses per year, either at the undergraduate or MBA level. Knowledge of Spanish is NOT required.

Please submit a complete application by October 1st, 2019. Application packages should consist of a curriculum vitae, cover letter, research statement, one or two working papers or publications, and the name of three recommenders familiar with the candidate's experience as a researcher and scholar. Please submit all documents in an e-mail to ms-search@facea.uc.cl. Candidates should also arrange for the recommendation letters to be submitted directly by their recommenders to the same e-mail by the same deadline.

Follow-up interviews with selected applicants will be conducted at the INFORMS Annual Conference, in Seattle, WA (October 20-23), but video-conference interviews can be arranged for candidates not attending INFORMS. Inquiries can be addressed to Prof. Bernardo (Bernie) Quiroga (bfquirog@uc.cl) or Prof. Francisco Ruiz-Aliseda (f.ruiz-aliseda@uc.cl).
