

<b>Working Title</b>	Assistant, Associate, or Full Professor - Supply Chain Management
<b>Advertised Employing Department</b>	Supply Chain and Information Systems
<b>Full or Part Time</b>	Full-Time
<b>Additional Information</b>	The guaranteed consideration date for this position is 3/20/2016, however applications may continue to be submitted until the position is filled.
<b>Summary of Duties and Responsibilities</b>	<p>The Department of Supply Chain and Information Systems in the College of Business at Iowa State University is accepting applications for a newly created tenured/tenure-track Assistant Professor, Associate Professor or Full Professor in Supply Chain Management to fulfill the needs of a growing department. This is a new position to assist with the growth of an undergraduate major of approximately 350+ students that generates roughly 100 graduates annually. The SCM faculty consists of twelve tenured, tenure-track or professionally qualified faculty members.</p> <p>Primary responsibilities include both research and teaching in supply chain management at the undergraduate, Masters, and Ph.D. levels. The program has teaching needs in a variety of areas including in the areas of logistics, transportation, operations management, and procurement. This position will support the program's efforts to expand relationships with supply chain companies and professional organizations and develop and maintain an outstanding research program.</p> <p>The ability to communicate effectively with prospective and current students, industry personnel, and the wider community is essential to this position.</p>
<b>Department/Program &amp; College Description</b>	The College of Business at Iowa State University, established in 1984, conducts and shares research to educate tomorrow's business leaders so they are prepared to deal with multi-disciplinary, global, technological, ethical and diversity challenges. The college offers undergraduate, graduate and PhD programs and is accredited by The Association to Advance Collegiate Schools of Business (AACSB International). Less than five percent of business schools worldwide receive this accreditation. Additional information can be found at <a href="http://www.business.iastate.edu">http://www.business.iastate.edu</a> .
<b>About Iowa State University and the Ames Community</b>	<p>Iowa State University is classified as a Carnegie Foundation Doctoral/Research University-Extensive, a member of the Association of American Universities (AAU), and ranked by U.S. News and World Report as one of the top public universities in the nation. Over 34,000 students are enrolled, and served by over 6,100 faculty and staff (see <a href="http://www.iastate.edu">www.iastate.edu</a>). Ames, Iowa is a progressive community of 60,000, located approximately 30 minutes north of Des Moines, and recently voted second best most livable small city in the nation (see <a href="http://www.amescvb.com">www.amescvb.com</a>).</p> <p>Iowa State University is an equal opportunity employer committed to excellence through diversity and strongly encourages applications from all qualified applicants, including women, underrepresented minorities, and veterans. ISU is responsive to the needs of dual career couples, is dedicated to work-life balance through an array of policies, and is an NSF ADVANCE institution.</p> <p>All faculty members are expected to exhibit and convey good citizenship within the program, the department, college, and university activities and collegial interactions, and maintain the highest standards of integrity and ethical behavior.</p>

<p><b>Required Education and Experience</b></p>	<p>- Applicants must have an earned doctorate in business administration or management with a concentration in logistics, marketing channels, operations, procurement, supply chain management, transportation, or a related field. Applicants must demonstrate the potential for an outstanding research record.</p> <p>-For appointment to the Associate Professor rank, in addition to the above, the successful candidate must meet the university standards for appointment to the rank, including publications in premier journals in supply chain management or related fields and demonstrated ability as a successful classroom teacher.</p> <p>-In addition to the above, applicants for Full Professor must also have a strong national and international scholarly reputation.</p>
<p><b>Preferred Education and Experience</b></p>	<p>- Demonstrated potential for or demonstrated evidence of a strong research record which will or has resulted in publications in leading academic supply chain journals.</p> <p>- Work experience with responsibilities related to operations management, logistics, or supply chain management</p> <p>- Experience teaching and the ability to teach a variety of SCM courses, especially supply chain analytics or supply chain sustainability, at undergraduate, Masters, and Ph.D. levels; and experience supervising and placing graduate students.</p> <p>- Demonstrated ability to develop and expand relationships with supply chain companies and professional organizations.</p>
