

Tenured/Tenure-track position in Business Analytics/MIS at Northeastern University

The D'Amore-McKim School of Business at Northeastern University is seeking candidates for open tenured or tenure-track positions at all levels (Assistant Professor, Associate Professor, and Professor) in the areas of business analytics and/or management information systems. The anticipated start date is Fall 2024. The position will primarily be on the Boston campus but there is also a possibility of affiliations at other campuses within the Northeastern network. Successful candidates will develop independent research programs; teach courses at the graduate and undergraduate levels; and participate in service to the group, D'Amore-McKim School of Business, Northeastern University, and discipline.

Qualification

Candidates must hold a doctorate in Management Information Systems, Data Science, Business Analytics, Computer Science, or a related field by the appointment start date. Academic rank at the Associate Professor and Full Professor levels will be commensurate with experience and qualifications reflecting a record of demonstrated teaching and scholarly excellence. Candidates should be committed to fostering diverse and inclusive environments as well as to promoting experiential learning, which are central to a Northeastern University Education.

How to apply

Applicants should submit materials including a letter of interest, vita, recent working papers, teaching evaluations, and letters of reference via the [application portal](#). Please direct inquiries to Professor Gilbert Nyaga (g.nyaga@northeastern.edu), Chair, Supply Chain & Information Management Group.

Diversity Statement

Northeastern University is an Equal Opportunity, Affirmative Action Educational Institution and Employer, Title IX University. All qualified applicants will receive consideration for employment without regard to race, color, religion, religious creed, genetic information, sex, gender, gender identity, sexual orientation, age, national origin, ancestry, veteran or disability status, or any other characteristic protected by the law. Northeastern University is an E-Verify Employer.
