

WAYNE STATE UNIVERSITY
MIKE ILITCH
SCHOOL OF BUSINESS

Global Supply Chain Management

Two Open-Rank Faculty Positions in Supply Chain Management

The Department of Global Supply Chain Management at Wayne State University's Mike Ilitch School of Business is seeking to fill two Tenure-Track/Tenured faculty positions for Fall 2024. Candidates will be expected to conduct research suitable for publications in top-tier journals, teach courses in areas of interest at the undergraduate and graduate level, participate in department and school activities, and perform related duties as assigned. We expect the candidate to be a fully engaged participant in the life of the Mike Ilitch School of Business. The typical teaching load is 2+2, teaching students majoring in global supply chain management (SCM). For further information about the Global SCM Department see <https://ilitchbusiness.wayne.edu/supply-chain/index.php>

Requirements for the position include a Ph.D. or A.B.D. in Supply Chain Management or a related field from an AACSB-accredited business school. Applicants with A.B.D. will be hired as Instructor until the completion of all doctoral degree requirements. The ideal candidate needs to

- provide evidence of potential to publish in top academic journals;
- have interest and experience in teaching courses related to procurement, purchasing of high-tech goods, services and software, logistics, production planning, advanced manufacturing/supply chain technologies, quality, or supply chain analytics;
- have interest or experience in the automotive and other complex manufacturing industries.

Candidates who have the skills and knowledge to infuse emerging technologies into the classroom are encouraged to apply.

About Wayne State University, the Mike Ilitch School of Business, and the Global Supply Chain Management Department

Wayne State University is a premier, public, urban research university located in the heart of Detroit where students from all backgrounds are offered a rich, high-quality education. WSU is one of only two U.S. public universities to hold both the "Highest Research Activity" (R1) and "Community Engagement" designations from the Carnegie Foundation for the Advancement of Teaching. Our deep-rooted commitment to excellence, collaboration, integrity, diversity, and inclusion creates exceptional educational opportunities preparing students for success in a diverse, global society. Wayne State University provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, disability or genetics. The university encourages applications from women, people of color and other underrepresented people. Wayne State is an affirmative action/equal opportunity employer. For more information, visit www.wayne.edu.

The AACSB-International accredited Mike Ilitch School of Business prepares students for challenging and rewarding careers, advances the boundaries of scholarly and practitioner knowledge, and enhances the economic vitality of the city of Detroit, the state of Michigan, and beyond through its programs, research, and community engagement. Established in 1946, the business school was renamed in 2015 in recognition of a \$40 million gift from Mike and Marian Ilitch. Thanks to this lead investment, a new state-of-the-art business school building opened in the heart of the District Detroit in 2018. The building is within easy walking distance of the heart of Detroit's vibrant downtown, with easy access to the Detroit Institute of Arts, the Detroit Symphony, numerous museums, and professional football, baseball, basketball, and hockey venues. Wayne State is also very close to the high-tech, global auto companies headquartered in the Detroit area, with a large number of other world-class manufacturer headquarters in the area; and is

within two miles of Canadian border crossings to Windsor, Ontario. For more information, visit ilitchbusiness.wayne.edu.

The Global Supply Chain Management programs focus on automotive and other complex manufacturing industries, which are high-tech and global. The department offers an undergraduate program, an MBA concentration in Global SCM and another in Healthcare SCM, an MS in Automotive SCM, and two automotive industry-related SCM executive education programs. There are currently 11 full-time SCM faculty including 8 tenure-track/tenured faculty and 3 teaching faculty. The SCM Department offers study abroad programs in multiple countries and hosts an international case competition funded by the automotive industry. The undergraduate SCM program has been ranked top 25 by Gartner since 2018, and the department's research productivity is ranked in the top 10% of all schools in the empirical section of *The SCM Journal List*. The department has two active advisory boards, and strong relationships with industry and professional organizations, which greatly helps faculty members in their research.

Application Procedures

Applications will be submitted online and will require a CV/Resume, a Cover Letter with a research statement, a Teaching Statement with teaching evaluations, and a list of three names where we could obtain references if needed. Interested candidates should apply online at: <https://waynetalent.csod.com/ux/ats/careersite/2/home/requisition/1514?c=waynetalent>. **Please clearly indicate in your cover letter at which level you are applying for (assistant /associate/full)**. If you have questions about the positions, please email Dr. John Taylor and Dr. Toyin Clotey, search committee co-chairs, at scmhiring@wayne.edu.
