

Postdoctoral Research Associate in Information Systems, Operations Management, Supply Chain Management, and Business Analytics (IOSA) – Department of Business Administration, Gies College of Business, University of Illinois Urbana-Champaign

The Gies College of Business, University of Illinois, Urbana-Champaign is seeking to fill a postdoctoral research associate position doing research in Information Systems, Operations Management, Supply Chain Management, and Business Analytics (IOSA).

Successful candidates will collaborate with the IOSA area and other affiliated faculty, advance their own existing research initiatives, and interact with other departmental postdocs. They will also supervise research assistants and teach in the Gies College of Business.

The postdoctoral position is a one-year appointment expected to begin in August 2024 and renewable for a second year. Successful candidates will have completed a Ph.D. in Business Administration, or a related field noted below prior to the position's start date. Demonstrated interest and expertise in information systems, operations, business analytics and/or computer science are required. Candidates with prior training in empirical research methods and machine learning, and research domain of recommendation systems, bias in algorithms, and/or sustainability are preferred. A record of published papers is preferred but not necessarily required.

The University of Illinois offers an outstanding tradition of scholarship and a supportive environment for faculty development and excellence. The Gies College of Business at Illinois is a world leader in research, teaching, and public engagement. In 2020, the Gies iMBA program was named one of the top-ten "Biggest B-School Innovations of The Decade" by Poets and Quants. The college has also become a leader in experiential learning. Gies provides the environment and resources that foster meaningful actions, empower students to make their mark, and put their purpose into practice – to make the world a better place. Gies Business is committed to being a model for a diverse, equitable and inclusive community, being actively anti-racist, helping the next generation of business leaders do the same, and engaging the public and our corporate partners in these efforts. We are interested in candidates who will bring excellence to campus via outstanding research, teaching, and service.

The Department of Business Administration is a large and diverse unit, which includes graduate and undergraduate programs across eight academic areas (i.e., Organizational Behavior, Strategic Management, International Business, Marketing, Operations Management, Information Systems, Business Analytics, and Supply Chain). Additional information about the Department may be found [here](#).

SALARY AND APPOINTMENT INFORMATION

This is a 9-month, 100%-time postdoctoral position. Salary is commensurate with experience. The expected start date is August 16, 2024.
