[Professor in "Management of Digital Food Businesses"](#)

### **Scientific environment**

The professorship will strengthen TUM's expertise in food, commodity and environmental economics and business research. Being a joint appointment, the professorship will be assigned to the TUM School of Management (administrative lead) and the TUM School of Life Sciences, and will be located at TUM Campus Weihenstephan in Freising, close to Munich. The professorship will be situated in the scientific environment of internationally recognized research groups in operations research and in food marketing at TUM School of Management. Further possible collaborating institutions include the Department „Economics and Policy“ at TUM School of Management and the Department „Life Science Engineering“ at TUM School of Life Sciences, as well as the TUM Munich Data Science Institute.

### **Responsibilities**

The responsibilities include research and teaching as well as the promotion of early-career scientists. We seek to appoint an expert in the research area of management of food businesses with a focus on data science for digital supply chain technologies, and/or for marketing, or for new business models. Teaching responsibilities include the degree programs of the TUM School of Life Sciences and the TUM School of Management.

### **Qualifications**

We are looking for candidates who have demonstrated excellent achievements in research and teaching in an internationally recognized scientific environment relative to the individual career level (please see [www.tum.de/en/faculty-recruiting-faq/](http://www.tum.de/en/faculty-recruiting-faq/) for further information).

A university degree and an outstanding doctoral degree or equivalent scientific qualification, as well as pedagogical aptitude, are prerequisites. Substantial research experience abroad is expected.

TUM values full commitment to interdisciplinary research and a proven ability to gain and lead cooperative research projects and attract third-party funding (esp. DFG, EU).

### **Our Offer**

Based on the best international standards and transparent performance criteria, TUM offers a merit-based academic career path for its faculty from Assistant Professor through a permanent position as Associate Professor, and on to Full Professor. The regulations of the TUM Faculty Recruitment and Career System apply. TUM provides excellent working conditions in a lively scientific community embedded in the vibrant research environment of the Greater Munich Area. The TUM environment is multicultural, with English serving as a common interface for scientific interaction. TUM offers attractive and performance-based salary conditions and social benefits

The TUM Munich Dual Career Office (MDCO) provides tailored career consulting to the partners of newly appointed professors. The MDCO assists in the relocation and integration of new professors, their partners, and accompanying family members.

### **Your Application**

TUM is an equal-opportunity employer and explicitly encourages applications from women. The position is suitable for disabled persons. Disabled applicants will be given preference in case of generally equivalent suitability, aptitude and professional performance. Application documents should be submitted in accordance with TUM's application guidelines for professors. These guidelines and detailed information about the TUM Faculty Recruitment and Career System are available at [www.tum.de/faculty-recruiting](http://www.tum.de/faculty-recruiting). Here, you will also find TUM's information on collecting and processing personal data as part of the application process.

Please submit your application by **21 April 2024** via the TUM recruitment portal: [www.recruit.tum.de](http://www.recruit.tum.de).
