

Assistant or Associate Professor (Tenure) Operations and Business Analytics Department Fisher College of Business

Position Overview

The Fisher College of Business at The Ohio State University invites applications for a tenure-track faculty position (assistant or associate) in the Department of Operations and Business Analytics. This faculty position is intended to support the recently launched Integrated Business Engineering (IBE) specialization in digital innovation, an honors undergraduate program that involves a partnership between the Fisher College of Business, the College of Engineering, and the Center for Innovation.

A successful candidate will be expected to develop and teach the Digital Product Development and Innovation course which will illustrate to students how digital companies manage products throughout its life cycle, including translating business strategies into technical requirements, understanding the market, and managing tradeoffs between competing objectives. The selected candidate will play an integral role and support the college's planned growth of digital related course offerings and programs. In addition, we expect applicants to be effective in teaching Operations Management courses at the undergraduate and graduate levels.

Performance Objectives

- Creating and delivering course materials in support of the new Integrated Business & Engineering Digital Innovation Program including but not limited to developing a market landscape, conducting customer research, product R&D, product launch, and developing technology road maps.
- Creating an engaging and inclusive classroom environment.
- Demonstrated commitment to student success.
- Collaboration with fellow instructors.

Education and Experience Requirements

Applicants must have a Ph.D. in operations management, or closely related field. Exceptional promise in both research and teaching is required.

Demonstrated experience and knowledge with digital product management and innovation is desired.

How to Apply

To be considered, please submit your application electronically via Workday

https://osu.wd1.myworkdayjobs.com/OSUCareers/job/Columbus-Campus/Open-Faculty-Search_R115289-1

by October 15, 2024. You will be presented with the opportunity to attach up to FIVE documents in the Application Documents section. Please include the following:

- Attachment 1: Cover Letter: 1–2-page letter, which should include a summary of your background and why you are interested in this opportunity. Please pay particular attention to the qualifications listed above when writing this letter.

- Attachment 2: CV (Curriculum Vitae): Detailed overview of your relevant experiences, including any experience in teaching, mentoring, and service.
- Attachment 3: Teaching and Mentoring Statement: A statement of your philosophy, approach, and relevant experience regarding your teaching, learning, and mentoring including how they prepared you for this position.

List of 3 references with contact information, upon request.

Questions about the position can be addressed to Dr. James Hill, Department Chair for the Operations and Business Analytics department at hill.249@osu.edu .

The College

At the Fisher College of Business, we believe business leadership requires a distinct and nuanced set of skills for a business world that is changing at a pace never seen. Our faculty is dedicated to this critical mission and to our responsibility to create ideas, encourage scholarship, and develop leaders who positively impact their communities near and far.

Department Information

The mission of the Operations and Business Analytics department is to provide world class research, teaching and outreach in all areas of operations, purchasing and supply chain management. The department offers core courses in operations management, data analysis and business analytics to all of Fisher's undergraduate students, as well as electives in various aspects of the disciplines.

The University

Ohio State is a top-20 public university, and its Ohio State Wexner Medical Center is one of America's leading academic health centers and recently ranked No. 4 on *Forbes'* list of best U.S. employers for diversity.
