

Tenure-track Assistant Professor in Supply Chain and Operations Management

Description	The School of Management at the University at Buffalo invites applications for a full-time tenure-track Assistant Professor (10 months) position in Supply chain and Operations Management . The appointment will start Fall 2025. Candidates are expected to pursue high-quality research and have a strong commitment to the development of the Department's academic programs at undergraduate, MBA, MS, and Ph.D. levels, in terms of teaching and leadership. Candidates are expected to contribute to university-wide interdisciplinary research and support the educational mission of the <i>UB RENEW Institute</i> and the <i>Institute for Sustainable Transportation & Logistics</i> .
Qualifications	Applicants should have completed a Ph.D. degree in Operations Management, Management Science, or a related field by June 2025 and demonstrated a clear and strong potential for high-quality scholarly research that is disseminated in leading research outlets. Applicants will ideally conduct research in the domain of Supply chain and Operations Management and publish in top-tier journals. Research methods include but are not restricted to operations research, stochastic modeling, empirical methods, data analytics, and machine learning. Initial teaching duties will be introductory undergraduate and graduate operations management courses, and evidence of effective teaching experience is desirable.
Department	The Department of Operations Management & Strategy offers undergraduate, MBA, and Ph.D. programs. An M.S. degree in Sustainable Transportation & Logistics is offered jointly with the Engineering School, and an M.S. degree in Supply Chain Management may debut in 2024.
School	The UB School of Management is recognized for its emphasis on real-world learning, community and economic impact, and the global perspective of its faculty, students, and alumni. The school also has been consistently ranked by Bloomberg Businessweek, Wall Street Journal, Financial Times, Forbes, and U.S. News and World Report for the quality of its programs and the return on investment it provides its graduates. The school strives to provide a vibrant and diverse community that is inclusive and compassionate and encourages applications from candidates who can contribute to the school's diversity, equity, and inclusion goals. For more information, please visit https://management.buffalo.edu/ .
University	The University at Buffalo is a premier research-intensive public university, a flagship institution in the State University of New York system that is its largest and most comprehensive campus. UB's more than 30,000 students pursue their academic interests through more than 300 undergraduate, graduate, and professional degree programs. Founded in 1846, the University at Buffalo is a member of the Association of American Universities.
Location	The School is located in Amherst, a campus town in the north east of Buffalo. Known as the "City of Good Neighbors," Buffalo is New York's second-largest city, offering the area's more than one million residents the attractions and convenience of a major urban center along with the friendliness and livability of a medium-sized town. From cultural attractions and renowned architecture to professional sports teams and recreation on the beautiful waters of Lakes Erie and Ontario, the Buffalo-Niagara region has something for everyone.
Application	To be considered for a conference interview at the INFORMS Annual Meeting in Seattle, applicants are encouraged to send their Cover Letter, Curriculum Vitae, Research Statement, and the job market paper to Dr. Mike Mingcheng Wei at mcwei@buffalo.edu by October 12th , 2024. A full application can be submitted later at https://www.ubjobs.buffalo.edu/postings/52958 . Applications will be considered until the position is filled.
